Our school community strives to:

Sec. 3 - Public Participation at Board Meetings (BEDH)

The primary purpose of School Board meetings is to conduct the business of the Board related to school policies, programs, and operations. The Board encourages residents to attend Board meetings so that they may become acquainted with the operation and programs of the schools.

The Board also recognizes the value of public comments on school and educational matters. To permit fair and orderly expression of public comments at Board business meetings, while still allowing the Board to conduct its business efficiently, the Board has established the procedure below for regular business meetings. At special/workshop and emergency meetings, public comments will be limited to the topic(s) of the particular meeting, or in some cases, may not be permitted at all.

In addition to speaking during the designated public comment portion of the agenda at Board meetings, members of the public are welcome to submit written comments on school and educational matters to the Board and Superintendent, or to submit requests to have items placed on a Board agenda, in accordance with applicable policies.

1. The Board includes a public comment period, not to exceed 30 minutes, on the agenda of regular business meetings. Comments by individuals are limited to a comment of up to three (3) minutes at a meeting. Individuals may not relinquish a portion of their allotted time to another speaker. The time limits in this paragraph may be modified at particular meetings at the discretion of the Board.
2. The Board will hear public comments from residents of the school unit first. If there is time remaining in the public comment period once all residents have had the opportunity to speak, the Board will permit comments from non-residents. Individuals who wish to speak are required to fill out the sign-in form available at each Board meeting, prior to the beginning of the public comment period, and review a copy of this policy. Each individual will be required to state their name and address before beginning their remarks.
3. The Board Chair is responsible for ensuring the orderly conduct of Board meetings and for ensuring compliance with this policy, including the following rules of order:
 - a. Speakers will be recognized by the Board Chair, and comments should be addressed to the Board Chair. Requests for information or concerns that require further research may be referred to the Superintendent for further action, as necessary.
 - b. Speakers are expected to follow rules of common etiquette and decorum and refrain from engaging in disruptive conduct, including but not limited to using vulgar and/or obscene language, yelling, threatening others using words or by other actions, making defamatory comments, exceeding the allotted time limits, talking over or interrupting others, offering repetitive comments, and offering comment on matters unrelated to the District's programs, policies, and operations.

c. Discussion of personnel matters is not permitted during the public comment period due to the privacy, confidentiality, and due process rights of District employees. For purposes of this policy, “discussion of a personnel matter” means any discussion, whether positive or negative, of the job performance or conduct of a District employee.

d. Discussion of matters involving individual students is also not permitted during the public comment period due to the privacy, confidentiality, and due process rights of District students.

e. Any concerns about personnel matters and/or student matters should be directed to the Superintendent or another appropriate administrator outside of Board meetings so that they can be addressed through an alternative channel and in a manner consistent with confidentiality, privacy, and due process rights of the individuals involved.

Sec. 6 - School Attorney/Legal Services - BDG

The Board recognizes that the increasing complexity of school unit operations frequently requires procurement of professional legal services. Therefore, the Board shall designate an attorney and/or law firm to provide such services on an ongoing basis. The school attorney(s) shall be admitted to practice law in Maine. The Board reserves the right to obtain legal services outside of its designated attorney/law firm as deemed appropriate.

A decision to seek legal advice or assistance on behalf of the school unit shall normally be made by the Superintendent or Board Chair in accordance with Board policy and when an obvious need exists. Such services may also be obtained as a consequence of a formal vote of the Board.

Legal services required by the school unit may include, but not be limited to:

1. Providing general legal advice to the Board and/or administration;

7. Attendance at Board meetings or other activities as appropriate.

Many types of legal services are considered routine and do not require specific Board approval. However, when the Superintendent concludes that the potential for significant legal expenditure exists or under other unusual circumstances, he/she shall inform the Board at an appropriate point in the process. The Board may take action on such matters as appropriate.

BCC - Nepotism

BCC - NEPOTISM

It is the intent of this policy to ensure that employment practices comply with Maine's "prohibited appointments and employment" statute, 20-A §MRSA 2002 and to avoid favoritism and the appearance of favoritism in employment practices.

Definitions:

For the purpose of this policy:

- "Immediate family" means spouse, brother, sister, parent, son, or daughter.

Employment

It shall be the policy of the MSAD #35 Board not to employ as school unit staff any person who is a member of the immediate family of a Board member.

By Maine law (20-A MRSA § 1002(2)), a Board member's spouse is precluded from employment under any circumstances in any public school within the jurisdiction of the Board to which the member is elected.

Supervision and Evaluation

No person shall be employed in or assigned to a position that is within the direct supervision of a member of his/her immediate family, nor in a position in which he/she is supervised or evaluated, in whole or in part, by a member of his/her immediate family.

Exceptions

In extraordinary circumstances, the Board may approve an exception to the prohibitions on the employment of immediate family so long as the candidate is qualified for the position to which he/she has applied, the hiring is in the best interest of the school system and its students, and the candidate is not the spouse of a Board member.

Exceptions for spouses of Board members in stipend positions only:

For the purpose of this policy a "stipend employee" means a person who receives limited monetary payment of benefit, through a series of payments or in a lump sum, for personal services performed in an advisory, mentoring, or coaching capacity for a school administrative unit.

The Board authorizes the Superintendent to employ a spouse of the member of the Board as a stipend employee on a contractual basis when that action is in the best interest of the students and the needs of the school unit. Such a contract will summarize potential conflicts of interest and describe mitigations of such conflicts.

Such contract will be for one season or one year only, with no guarantee or expectation of continuation.

It is the Board's intent that hiring practices for stipend positions discourage favoritism and political patronage and provide qualified applicants a fair opportunity to be selected on merit, with priority consideration given to the best interest without restrictions based solely on family association. To that end, the Superintendent/designee will be responsible for developing job descriptions for stipend positions, including relevant qualifications and duties/responsibilities.

This exception applies only through June 30, 2024, unless extended by the Maine legislature.

Volunteers

Under Maine law (20-A MRSA § 1002(2-A)), a board member or a board member's spouse may not serve as a volunteer when that volunteer has primary responsibility for a curricular, co-curricular, or extracurricular program or activity and reports directly to the superintendent, principal, athletic director, or other school administrator within the jurisdiction of the Board.

Exceptions for spouses of Board members in volunteer positions only:

Notwithstanding the preceding paragraph, the Board may permit a Board's member's spouse to serve as a volunteer in the same capacities as other school volunteers. In approving spouses of Board members as volunteers, the Superintendent/designee will ensure that practices applicable to approval of school volunteers discourage favoritism and political patronage and provide qualified applicants a fair opportunity to be selected on merit, with priority consideration given to the best interest without restrictions based solely on family association. Board member spouses who volunteer in schools will be subject to the provision of the board's policy IJOC, School Volunteers.

This exception applies only through June 30, 2024, unless extended by the Maine legislature.

BHC - Board Relationships and Communications with Staff

BHC - BOARD RELATIONSHIPS AND COMMUNICATIONS WITH STAFF

A clear understanding of responsibilities and relationships between and among the Board and school personnel is essential for a smoothly running and efficient school system. It should be remembered that the Board, school administrators, teachers, and all others responsible for any phase of the work of the school system have a common and basic responsibility—the welfare of the children in the schools. This responsibility must guide all of the Board’s considerations and decisions.

RELATIONSHIPS

Board and Superintendent

The relationship of the Board and the Superintendent can best be described as one of teamwork. They must function cooperatively as some of their functions are not readily separable. However, the primary functions are separable and should be clearly understood by each. The Board is the governing body of the school unit and has the responsibility for adopting policies and providing for the care and management of the schools.

The Superintendent is the ex officio secretary of the Board and the chief administrative officer. The Superintendent is responsible for the day to day administration of the school unit and for ensuring that the operations of the school unit conform to Board policies and applicable law. The Board recognizes this and wishes to make this clear to all staff members and to all citizens.

All communications or reports to the Board, or to any committee of the Board, from school principals, supervisors, teachers, or other employees shall be submitted through the Superintendent.

Board and Principal

The School Principal has no direct administrative relations with the Board. Their relations to the Board are through the Superintendent, for the Board recognizes that the Superintendent is the person to whom it must look for professional leadership within the schools. A spirit of cooperation and mutual helpfulness must prevail between the Superintendent and the Principal if the best

results are to be realized. For instance, the Principal and the Superintendent must cooperate in the selection of school staff because the Principal is in the best position to know the kind of person needed for a particular type of service in the school. However, the Principal must make recommendations to the Superintendent and not to the Board.

At all times the Principal must remember that all matters which require Board action must be presented to the Board by the Superintendent.

Board and Teachers and other School Employees

The relationship of the teacher to the Board is indirect. The teacher is directly responsible to the Principal/Assistant Principal and through the Principal/Assistant Principal to the Superintendent, and then to the Board.

Other school employees, depending on their position, are directly responsible to the Principal/Assistant Principal or to the supervisor to whom the employee reports, and through the Principal or supervisor to the Superintendent, and then to the Board.

Direct access between employees and the Board may be obtained through channels established for grievances or through applicable Board policies.

BOARD COMMUNICATIONS WITH STAFF

The Board will communicate regularly with school staff on matters of current interest and importance to the school community at such times and through such methods as the Board deems appropriate.

Individual employees and employee organizations are expected to utilize communication channels established through Board policies, administrative procedures, and collective bargaining agreements and not to circumvent the chain of command and their direct supervisors.

Communications with staff are the responsibility of the Board as a whole. Individual board members should refrain from initiating communications or conversations with staff members regarding district-related or board-related matters on their own. Individual board members who have children in our schools may engage with staff members, as parents, in matters pertaining to their children.
