Appendix A - Informed Consent/Decline for Hepatitis B Vaccination - Bloodborne Pathogen Policy

Appendix A - Informed Consent/Decline for Hepatitis B Vaccination

I, the undersigned employee, have read information about Hepatitis B and the Hepatitis B vaccine. I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B Virus (HBV) infection in the workplace. I have been given the opportunity to be vaccinated with Hepatitis B vaccine, at no charge to myself.

I further understand the risks involved in making this decision and I agree that MSAD #35, its agents and employees, who are required by law or regulation to make the Hepatitis B Vaccine available to me, are not legally responsible or liable for the side effects that may occur as a result of my accepting/not accepting the Hepatitis B Vaccine.

____ I have opted to decline the Hepatitis B Vaccine at this time, I have already had the Hepatitis B Vaccine.

____ I agree to accept the Hepatitis B Vaccine, given in three (3) doses over the next 6 months. (If you are pregnant or breastfeeding, it is advisable that you consult with your doctor before taking the Hepatitis B series/)

____ I have opted to decline the Hepatitis B Vaccine at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B Vaccine, I can receive the vaccination series at no charge to me.

Hepatitis B Virus/Vaccine

For Your Information - Please Read Carefully

The Disease - Hepatitis B is a viral infection caused by the Hepatitis B virus which causes death in 1% to 2% of patients infected. Most people with Hepatitis B recover completely but approximately 5% to 10% become chronic carriers of the virus. Most of these people have no symptoms but can continue to transmit the disease to others. Some may develop chronic hepatitis or cirrhosis. Carriers also run a high risk of developing primary liver cancer and pregnant carriers transmit the HBV through the placenta with some 90% of infected infants becoming carriers.

Simple, Effective Solution - Fortunately, now, there is a simple way to prevent HBV infection. The Center for Disease Control (CDC) recommends vaccination for anyone frequently exposed to blood or other body fluids in the workplace. Your individual risk is directly related to how often you are exposed to blood and other body fluids.

The Vaccine - The Hepatitis B Vaccine currently used is a noninfectious vaccine made from bread yeast (*Saccharomyces cerevisiae*). When injected into the deltoid muscle, the hepatitis vaccine has induced protection levels of antibody in more than 90% of the healthy individuals who received the recommended three doses of the vaccine. Persons with immune-system abnormalities have less response to the vaccine. Full immunization requires three doses of vaccine over a six month period. There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with Hepatitis B virus prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization. The duration of immunity is unknown at this time.

Possible Adverse Side Effects - the incidence of side effects is very low. No serious side effects have been reported with the vaccine. Some people have experienced:

- Soreness, swelling, warmth, itching, redness, bruising and nodule formation at the injection site
- Fever ≥ 100 degrees F and malaise
- Tiredness/weakness
- Headache
- Nausea and/or diarrhea
- Sore throat and/or upper respiratory infection
- Dizziness
- Muscle aches
- Joint pain

Appendix B - Universal Precautions - Bloodborne Pathogen Policy

Appendix B - Universal Precautions

In order to provide a consistent approach in managing body substances from all students and staff, and reduce the risks of exposure to bloodborne pathogens, the practice of Universal Precautions shall be followed by all employees at all times, regardless of the situation. All blood and body fluids shall be considered potentially infectious. Universal Precautions shall apply to all blood/blood components and body fluids.

Universal Precautions

1. Wash hands and work surfaces frequently
2. Avoid contact with sharp objects
3. Use gloves and other personal protective equipment when you anticipate exposure to blood or other bodily fluids
4. Wash your hands immediately after exposure
5. Dispose of hazardous material safely using engineering controls (i.e. sharps box for used needles)

Employees should be readily distinguishable from District students. The dress and grooming of District employees shall be clean, neat, in a manner appropriate for their assignments. In addition, employees should regard role modeling of appropriate dress and grooming standards as a part of their professional responsibilities.

Therefore, the staff of MSAD # 35 must exercise good judgment in their choice of professional appearance for work or work-related activities by always appearing in a manner that will invoke a positive impression from the community.

GBEBB - Staff Conduct with Students

GBEBB - Staff Conduct with Students

The Maine School Administrative District No. 35 Board of Directors expects all staff members, including teachers, coaches, counselors, administrators and others, to maintain the highest professional, moral and ethical standards in their conduct with students. For the purposes of this policy, staff members also include school volunteers.

The interactions and relationships between staff members and students should be based upon mutual respect and trust; an understanding of the appropriate boundaries between adults and students in an educational setting; and consistent with the educational mission of the schools.

Unacceptable Conduct

Examples of unacceptable conduct by staff members that are expressly prohibited include but are not limited to the following:

2. Singling out a particular student or students for personal attention and friendship beyond the normal teacher-student relationship;
3. For non-guidance/counseling staff, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to be supportive but to refer the student to appropriate guidance/counseling staff. In either case, staff involvement should be limited to a direct connection to the student's school performance;

8. Inappropriately discussing colleagues or administrators with students; and
9. Addressing students with terms of endearment, pet names or otherwise in an overly familiar manner

MSAD #35 expects staff to create an educational environment that focuses on civic and workplace skills and prepares students of MSAD #35 to occupy the role of citizen. This includes staff creating expectations where students address them in a formal manner and abstain from allowing students to address them in an overly familiar manner including the use of nicknames, terms of endearment or calling the staff member by their first name.

Before engaging in the following activities, staff members will review the activity with their building principal or supervisor, as appropriate:

1. Being alone with individual students out of public view;
2. Driving students home or to other locations;
3. Inviting or allowing students to visit the staff member's home (unless the student's parent approves of the activity, such as when a student babysits or performs chores for a staff member);
4. Visiting a student at home or in another location, unless on official school business known by the parent;
5. Communicating with a student outside of school by telephone, computer (such as email, Instant Messenger social networking sites), or letters (beyond homework or other legitimate school related business);

Violations involving sexual or other abuse will also result in referral to the Department of Health and Human Services, the District Attorney and/or law enforcement, as well as notification of the Department of Education (Maine law, P.L. Ch. 477 (20-A MRSA Section 13025)).

GBEC - Drug-Free Workplace

GBEC - Drug-Free Workplace

The Board recognizes that alcoholism and drug dependency are treatable diseases. Left untreated, they may result in serious personal and family problems. At the same time, the Board is also seriously concerned about the effects of alcohol and drug dependency upon an employee's job performance and ability to serve as a role model for our students.

The Board believes strongly that all employees and students should be able to work and learn in an environment free from alcohol and drug abuse. Accordingly, the Board expects all employees to report for work and to perform their duties in a manner that does not jeopardize the health, safety and well-being of co-workers and students.

No employee shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor. Nor shall an employee unlawfully manufacture, distribute, dispense, possess, use or be under the influence "bath salts" or other synthetic hallucinogen or of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other controlled substance (as defined in schedules I through V of section 202 of the federal Controlled Substance Act [21 USC § 812]; by regulation at 21 CFR, § 1300.11 through 1300.15; and in 17-A MRSA, § 1101). This applies before, during and after school hours, at school or in any other school system location, defined as follows:

"School system location" means in any school building or on any school premises; in any school-owned vehicle or in any other school-approved vehicle used to transports students to and from school or school activities; off school property at any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school unit; or during any period of time such employee is supervising students on behalf of M.S.A.D. #35 or otherwise engaged in school unit business.

Any employee who suspects that he/she may have an alcohol or drug dependency problem is strongly encouraged to seek voluntary diagnosis and treatment. The school nurse or the Director of Human Resources will provide the employee confidential referral services to an outside agency upon request and assistance in determining the extent to which insurance coverage to help pay for such services is available. All voluntary referrals shall be kept confidential.

Any illegal use, possession, furnishing, selling or provision of assistance in obtaining "bath salts", alcoholic beverages or scheduled drugs not covered by the preceding paragraph may, depending upon the circumstances, constitute sufficient grounds for discipline, up to and including dismissal. Referrals under foregoing paragraphs of this policy will not preclude disciplinary action under this paragraph, depending on the circumstances.

As provided in the Drug-Free Workplace Act of 1988, any employee is required to notify the school unit of a criminal or civil conviction for a drug violation occurring in the workplace no later than five calendar days after such conviction. In turn, the Superintendent, within 10 calendar days of learning of such a conviction, is to give written notification to the U.S. Department of Education and to any other federal agency from which the unit receives grant funds.

Appropriate disciplinary sanctions shall be taken against any employee who violates the terms of this school unit's drug and alcohol policy, up to and including dismissal.

Implementation

The Superintendent shall be responsible for developing and administering appropriate procedures to implement this policy.

Communication

A copy of this policy is to be given or mailed to all current employees and to new employees at the time of their employment and is to be posted in appropriate locations throughout the school system.

GBGAA - Bloodborne Pathogen Policy

GBGAA - Bloodborne Pathogen Policy

The Board acknowledges the risk of infection from bloodborne pathogens that employees may incur when they handle or participate in procedures that involve blood, other body fluids or other potentially infectious materials.

The Board directs the Superintendent to implement the mandated Occupational Safety and Health Administration (OSHA) standard to eliminate or minimize occupational exposure to potentially infectious material for employees who have a reasonable anticipation of exposure to blood and other body fluids.

The Superintendent shall prepare for Board consideration and approval an Occupational Exposure Control Plan with updates on at least an annual basis. The adopted plan shall be distributed to all employees. The following issues shall be addressed in the plan:

- Exposure determination
- Compliance measures including training, universal precautions, Hepatitis B vaccination, engineering controls, work practice controls, and personal protective equipment
- Post-exposure evaluation and follow-up
- Recordkeeping

A detailed plan for implementing this policy will be maintained in each school's Crisis Plan Book and Staff Handbook.

GBGAA-E - Bloodborne Pathogen Exposure Control Plan

GBGAA-E - Bloodborne Pathogen Exposure Control Plan

In accordance with the OSHA Bloodborne Pathogen standard, 29 CFR 1910.1030, the following exposure control plan has been developed.

Exposure Determination

OSHA requires employers to perform an exposure determination concerning which employees may incur occupational exposure to blood or other potentially infectious materials. The exposure determination is made without regard to the use of personal protective equipment (i.e. employees are considered to be exposed even if they wear personal protective equipment.) This exposure determination is required to list all job classifications in which all employees may be expected to incur such occupational exposure, regardless of frequency. As a result, MSAD #35 has determined that all employees of the district may have the potential for exposure to blood or other potentially infectious materials.

Compliance Measures

Universal precautions (Appendix B) will be practiced in MSAD #35 in order to prevent contact with blood or other potentially infectious materials. All blood or other potentially infectious material will be considered infectious regardless of the perceived status of the source individual.

Engineering and work practice controls will be utilized to eliminate or minimize exposure to employees at these facilities. Where occupational exposure remains after institution of these controls, personal protective equipment shall also be utilized. At these facilities the following engineering controls will be utilized:

1. All trash liners will be plastic;
2. Sharps containers will be kept in all nurse's offices;
3. Contaminated surfaces or areas shall be decontaminated with an appropriate disinfectant immediately after contamination.

Handwashing facilities are also available to the employees who incur exposure to blood or other potentially infectious materials. OSHA requires that these facilities be readily accessible after incurring exposure. In this district handwashing facilities are located:

Restrooms, janitors' stations, locker rooms, kitchens, science labs, consumer science rooms, nurse's offices, teacher's rooms.

After removal of personal protective gloves, employees shall wash hands and any other potentially contaminated skin area immediately or as soon as feasible with soap and water.

If employees incur exposure to their skin or mucous membranes, then those areas shall be washed or flushed with water as appropriate as soon as feasible following contact.

Needles

Contaminated needles and other contaminated sharps will not be bent, recapped, removed, sheared, or purposely broken. Contaminated sharps are to be placed immediately, or as soon as possible after use into appropriate sharps containers. In this district, the sharps containers are puncture resistant and labeled with a biohazard label.

Personal Protective Equipment

All personal protective equipment used at these facilities will be provided without cost to the employees. Personal protective equipment will be chosen based on the anticipated exposure to blood or other potentially infectious materials. The protective equipment will be considered appropriate only if it does not permit blood or other potentially infectious materials to pass through or reach the employees' clothing, skin, eyes, mouth, or other mucous membranes under normal conditions of use and for the duration of time which the protective equipment will be used.

Gloves shall be worn where it is reasonably anticipated that employees will have hand contact with blood, other potentially infectious material, non-intact skin, and mucous membranes. Gloves will be used for the following procedures:

- First aid
- Cleaning of bodily fluid spills
- General cleaning

Disposal gloves at these facilities are not to be washed or decontaminated for re-use and are to be replaced as soon as practical when they become contaminated or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. Utility gloves will be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

Masks in combination with eye protection devices, such as goggles or glasses with solid side shield, or chin length face shields, are required to be worn whenever splashes, spray, or droplets of blood or other potentially infectious materials may be generated and eye, nose, or mouth contamination can reasonably be anticipated. Situations at the school which would require such protection are as

follows:

- N/A

This district will be cleaned and decontaminated according to the following schedule:

- Daily

Decontamination will be accomplished by utilizing the following materials:

- Rx 75 or other OSHA compliant disinfectant

All contaminated work surfaces will be decontaminated after completion of procedures and immediately or as soon as feasible after any spill of blood or other potentially infectious materials, as well as the end of the work shift if the surface may have been contaminated since the last cleaning.

All bins, pails, cans, and similar receptacles shall be inspected and decontaminated on a regularly scheduled basis.

- Inspected daily and decontaminated as needed by custodians

Any broken glassware which may be contaminated will not be picked up directly with the hands. The following procedure will be used:

- Gloves, brush and dustpan and then decontamination

Regulated Waste Disposal

If a student's health need requires a sharps disposal unit, it will be located in the nurse's office. Regulated waste containers are located in: N/A

Hepatitis B Vaccine

All employees will be offered the Hepatitis B vaccine, at no cost to the employee. The vaccine will be offered within 10 working days of their initial assignment to work involving the potential for occupational exposure to blood or other potentially infectious materials unless the employee has previously had the vaccine or who wishes to submit to antibody testing which shows the employee to have sufficient immunity.

Employees who are offered the Hepatitis B vaccine will sign a Consent/Decline statement after reading information regarding Hepatitis B and Hepatitis B vaccine.

Employees who initially decline the vaccine but who later wish to receive it may then have the vaccine provided at no cost.

Post Exposure Evaluation and Follow-Up

Exposure incident includes a specific eye, mouth, other mucous membrane, non-intact skin, or parenteral contact with blood or other potentially infectious materials that results from the performance of an employee's duties.

When the employee incurs an exposure incident, it should be reported to the school nurse.

All employees who incur an exposure incident will be offered post-exposure evaluation and follow-up in accordance with the OSHA standard.

This follow-up will include the following:

Documentation of the route of exposure and the circumstances related to the incident

If possible, the identification of the source individual and, if possible, the status of the source individual. The blood of the source individual will be tested (after consent is obtained) for HIV/HBV infectivity.

The employee will be offered the option of having their blood collected for testing of the employee's HIV/HBV serologic status.

The employee will be offered post exposure prophylaxis in accordance with the current recommendations of the U.S. Public Health Service.

The employee will be given appropriate counseling concerning precautions to take during the period after the exposure incident. The employee will also be given information on what potential illnesses to be alert for and to report any related experiences to appropriate personnel.

The following persons have been designated to assure that the policy outlined here is effectively carried out as well as to maintain records related to this policy: School Nurses and Superintendent's Office

Interaction With Healthcare Professionals

A written opinion shall be obtained from the healthcare professional who evaluates employees at this school. Written opinions will be obtained in the following instances:

1. When an employee is sent to receive the Hepatitis B vaccine;
2. Whenever an employee is sent to a health care professional following an exposure incident

Health care professionals shall be instructed to limit their opinions to:

1. Whether the Hepatitis B vaccine is indicated and if the employee has received the vaccine, or for evaluation following an incident
2. That the employee has been informed of the results of the evaluation

3. That the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials

Training

Training for all employees will be conducted prior to initial assignment to tasks where occupational exposure may occur.

Training for employees will include the following:

- The OSHA standard for Bloodborne Pathogens
- Epidemiology and symptomatology of bloodborne diseases
- Modes of transmission of bloodborne diseases
- Procedures which might cause exposure to blood or other potentially infectious materials in this district
- Control methods which will be used at the schools to control exposure to blood or other potentially infectious materials
- Personal protective equipment available at the schools
- Post exposure evaluation and follow-up
- Hepatitis B vaccine program in the District

Record Keeping

All records required by the OSHA standard will be maintained at the Superintendent's office.

Policy Adopted: June 19, 2013

Policy Revised: November 16, 2016

GBGAA-R - Bloodborne Pathogen Administrative Procedure

GBGAA-R - Bloodborne Pathogen Administrative Procedure

This procedure is intended as guidance for MSAD 35 district staff and school administrators in carrying out the district responsibility in the Management of Bloodborne Pathogens. All employees of the district may have the potential for exposure to blood or other potentially infectious materials.

New Staff

All new employees will be offered the Hepatitis B vaccine and can voluntarily receive this vaccine at no cost to the employee.

New employees will receive information about the vaccine at the initial meeting with the MSAD 35 Human Resources Department and will be provided: an Informed Consent/Decline form for Hepatitis B Vaccination form; the informational statement regarding Hepatitis B Virus/Vaccine; and an outline of universal precautions.

New Employees that opt to accept the Hepatitis B Vaccine

A new employee that opts to accept the Hepatitis B Vaccine will receive the vaccination at no cost to the employee. Employees will then arrange with their medical provider to receive the vaccination. The employee will provide proof of out of pocket cost of the vaccination and then be reimbursed by the district for their medical co-pay.

New Employees that opt to decline the Hepatitis B Vaccine

A new employee that opts to decline the Hepatitis B Vaccine will complete the Informed Consent/Decline form for the Hepatitis B Vaccination. Whether the vaccination was declined due to already having the vaccination or choosing not to be vaccinated at all, the employee recognizes the occupational exposure to blood or other potentially infectious material may be part of the employee's job responsibilities.

Current Employees

Current Employees wishing to receive the Hepatitis B Vaccine

Any current employee who has not already received this vaccine but wishes to do so will receive the vaccination at no cost to the employee. Employees will then arrange with their medical provider to receive the vaccination. The employee will provide proof of out of pocket cost of the vaccination and then be reimbursed by the district for their medical co-pay.

Annual Staff Training

All district staff will receive annual training in bloodborne pathogen management. This will be coordinated through the MSAD 35 District Nursing coordinator and district nursing staff.

GBGB - Workplace Bullying

GBGB - Workplace Bullying

The Board is committed to providing a respectful, safe, and inclusive workplace for employees, one that is free from bullying conduct. All employees and students in the school unit, as well as parents, community members, and others involved with the schools are prohibited from engaging in workplace bullying as defined in this policy.

DEFINITION

For the purposes of this policy, “workplace bullying” means intentional behavior that a reasonable person would expect to interfere with an employee’s work performance or ability to work. Generally, workplace bullying will involve repeated conduct. However, a single incident of egregious conduct could constitute workplace bullying.

Examples of workplace bullying include, but may not be limited to:

- Humiliating, mocking, name-calling, insulting, maligning, or spreading rumors about an employee;
- Shunning or isolating an employee or encouraging others to do so;
- Screaming or swearing at an employee, slamming doors or tables, aggressively invading an employee’s personal space; placing an employee in reasonable fear of physical harm; or other types of aggressive or intimidating behavior;
- Targeted practical jokes;
- Damaging or stealing an employee’s property;
- Sabotaging an employee’s work or purposely misleading an employee about work duties (e.g., giving incorrect deadlines or intentionally destroying an employee’s work);
- Harassing and/or retaliating against an employee for reporting workplace bullying;
- Cyberbullying, which is defined in Maine law as bullying occurring through the use of technology or any electronic communication, including but not limited to, a transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted by the use of any electronic device, including, but not limited to, a computer, telephone, cellular telephone, text messaging device, or personal digital assistant.

EXCLUSIONS

Workplace bullying does not include the following:

- When supervisors set reasonable performance goals or provide verbal or written counseling, direction, feedback, or discipline to employees in the workplace when the intent is to address unsatisfactory work performance or violations of law or school policy;

- When supervisors make personnel decisions designed to meet the operational or financial needs of the school unit or the needs of students. Examples include, but are not limited to changing shifts, reassigning work responsibilities, taking steps to reduce overtime costs, transferring or reassigning employees to another building or position.
- Discrimination or harassment based on protected characteristics (race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, age, familial status, disability, or genetic information). Such conduct is prohibited under separate policies and complaints shall be addressed under ACAB-R – Employee Discrimination/Harassment and Title IX Sexual Harassment Complaint Procedure.
- Disrespectful conduct by students directed at school employees that can be addressed through enforcement of classroom rules, school rules, and applicable Board policies.

REPORTS AND INVESTIGATIONS

Employees who believe they have been bullied in the workplace, and other persons who believe they have witnessed an incident of an employee being bullied in the workplace, are expected to report the issue to the building administrator.

If the report is about the building administrator, the report should be made to the Superintendent of Schools/designee.

The building administrator/designee shall promptly notify the superintendent of all workplace bullying reports.

Any workplace bullying report about the Superintendent should be made to the Board Chair.

All reports of workplace bullying shall be investigated promptly and documented in writing. The person who was the subject of the alleged workplace bullying and the person alleged to have engaged in workplace bullying will be notified of the outcome of the investigation, consistent with confidentiality and privacy laws.

review the matter and issue a written decision within ten (10) business days. The Superintendent's decision shall be final.

If the matter involves employees covered by a collective bargaining agreement, any disagreement with the results of the investigation may be resolved through the agreement's dispute resolution process.

RETALIATION PROHIBITED

GBGE - Return to Work and Light Duty Assignments

The Board of Directors of MSAD #35 believes that it is in the best interest of both the school system and employees who have suffered workplace injuries or illnesses to return to the work environment as soon as possible. Further, the Board recognizes the need for a program to effectively manage workers' compensation costs throughout the system, while conserving its most valuable resources – the skills, knowledge, and experience of its employees. To that end, the Board supports the establishment of a comprehensive return-to-work program, including temporary modified or “light work” assignments, whenever appropriate, to minimize lost time and facilitate an employee's transition back to regular or full-time work.

Modified or light-duty assignments, including modified work schedules, will be designed to accommodate job restrictions specified by the health care provider or providers designated by the employer. Modified or light-duty assignments are intended to address short-term medical restrictions and are not to be used as a means to establish new assignments or displace other employees.

The Superintendent or designee shall be responsible for developing administrative procedures to implement a return-to-work program, including provisions for monitoring of modified duty assignments by the employee's supervisor, healthcare provider, the school system Workers' Compensation Coordinator and the workers' compensation insurance claims adjuster.

GBIA - Staff Participation in Political Activities

GBIA - Staff Participation in Political Activities

The Board believes in the principles of democracy and respects the rights of its employees to participate in the democratic process. These rights include discussing the social, political and economic issues of the day in public venues; participating actively in the political party of their choice; becoming a candidate for public office; and campaigning in the community for candidates and in support of political issues.

While the Board respects these rights and encourages its employees to engage in political activities as private citizens, the Board believes that campaigning and other political activities of individual staff members should not compromise the instructional program or disrupt the operations of the schools.

In adopting this policy, it is the intent of the Board to provide guidance for staff participation in political activities and communicate these expectations to parents, students and the community.

School employees shall not engage in political activities while carrying out their work responsibilities during the school day, while performing work for MSAD #35 outside of the school day on school premises, or while performing work for MSAD #35 at any other location.

“Political activities” include:

- A. Campaigning for or against any candidate, political party or issue;
- B. An employee’s using his/her position to attempt to influence students, parents or others to vote for or against any candidate or issue;
- C. Contacting students, parents or others for such purposes;
- D. Wearing apparel with political messages or displaying campaign paraphernalia while performing work; or
- E. Soliciting for or collecting funds or distributing material in connection with campaigning or support of political issues.

When engaging in conversations with students outside of classes or school activities, employees should be mindful of the potential effect of their position, authority and influence when stating personal opinions in regard to candidates and political issues.

No school employee shall use MSAD #35's resources (e.g., including but not limited to MSAD #35-owned laptops and other electronic devices, MSAD #35 networks, copiers, scanners, or mail service) to promote political candidates or parties or to encourage a vote for or against an issue.

No MSAD #35 employee shall use MSAD #35's name or logo to promote his/her candidacy for political office, or to promote other candidates or political positions, or represent his/her view as those of MSAD #35 or this Board.

Nothing in this policy shall prevent an employee from engaging in political activities on school premises when such activities are conducted in accordance with MSAD #35's facilities use policy.

Nothing in this policy shall preclude the discussion of political or controversial issues or current events or exposure of mature students to candidates as guest speakers provided that such is done in compliance with the Board's policy on the teaching of controversial issues (IMB) and policy on guest speakers in schools (IMC).

Nothing in this policy should be construed as precluding mock elections, debates, conventions or other simulated political activities, where the activity is intended as an educational experience.

Nothing in this policy shall prevent the Board from providing information or expressing its position or views on any political issue affecting the schools or from directing or authorizing the Superintendent to use MSAD #35 resources to accomplish this purpose. The Board will not use its influence or MSAD #35 resources to promote any particular political party or to promote or discourage the election of any particular candidate.

Administrative Procedure

GBJA - Confidentiality in the Hiring Process Administrative Procedure

Maine state law strictly requires that all information relating to applicants for employment remain confidential. This applies to school board members, administrators and secretarial staff by virtue of their positions. It also applies to other staff and members of the public whenever they are involved in a screening and/or interviewing committee assisting in the selection process.

Therefore, the following applies during the hiring process for all positions.

- A. Potential candidates shall be notified on the application form that the materials submitted may be disclosed to a screening and/or interviewing committee which may include Board members, administrators, staff and members of the community. An individual must sign the consent form in order to be considered an applicant.
- B. Any screening and/or interviewing committee is to receive a thorough orientation on the strict responsibility to maintain confidentiality pursuant to state law.
- C. Each individual, prior to serving as a screening and/or interviewing committee member, shall sign a standard form acknowledging that he/she understands and intends to honor the strict requirement to maintain confidentiality regarding applicant information. Such forms shall be retained on file in the Superintendent's Office.

The M.S.A.D. #35 School Board appreciates your willingness to assist in the process of screening applicants for the position of _____. We are confident that your participation will contribute to our selection of the best possible candidate.

Understanding the intent and seriousness of the legal requirements to maintain strict confidentiality is most important. In this regard, Title 20-A MRSA § 6101.2, B of the Maine Statutes reads in part:

...information in any form relating to an employee or applicant for employment, or to the employee's immediate family, shall be kept confidential if it relates to the following: (1) all information, working papers and examinations used in the examination or evaluation of all applicants for employment;

At least one test case has substantiated that even the name of an applicant is protected (including the fact that a person has applied). Moreover, the prohibition from discussing these confidential matters does not end with the selection and appointment of the successful candidate. It is permanent and applies to all unsuccessful candidates as well.

Therefore, in agreeing to participate in this important undertaking, we expect you to acknowledge having been provided with an orientation on the requirement for confidentiality and that you are accepting this responsibility.

Again, thank you very much for your assistance.

GBN - Family and Medical Leave

Employees are entitled to family and medical leave under the federal Family and Medical Leave Act of 1993 (“FMLA”) or the Maine Family Medical Leave law when they meet all of the eligibility requirements of these laws. This policy sets forth several rules that must be applied uniformly to all employees who may be eligible for family and medical leave. As used in this policy, “family and medical leave” means leave available under both the federal and state laws.

I. THE FEDERAL EMPLOYEE ELIGIBILITY PERIODS

Employees who have been employed for at least 12 months and have worked at least 1,250 hours in the previous 12 months are eligible for FMLA leave under the federal law. (See Section III for additional school employees who are eligible for these federal FMLA benefits.)

There are two types of eligibility periods under the federal law as described below.

A. 12-Month Period for Birth, Adoption or Foster Care; Serious Health Condition Purposes; Qualifying Exigency

There is a 12-month eligibility period for 12 weeks of FMLA leave taken for the following qualifying purposes:

1. Birth and care of the newborn child of the employee;
2. Placement with the employee of a son or daughter for adoption or foster care;
3. Care for an immediate family member (spouse, child, or parent) with a serious health condition;
4. Medical leave when the employee is unable to work because of a serious health condition;
or
5. Qualifying exigency leave for an employee whose spouse, child or parent is a regular member of the Armed Forces on covered active duty deployed to a foreign country or a reserve member of the Armed Forces (including National Guard) on covered active duty deployed to a foreign country under a call or order to active duty in a contingency operation.

The 12-month period used to determine employee eligibility for FMLA for the purposes described above shall be the 12-month period measured backward from the date an employee uses any FMLA leave.

B. Federal 12-Month Period for Military Caregiver Leave

There is a separate 12-month period for employees eligible for military caregiver leave of up to 26 weeks. Such leave may be taken to care for a spouse, child, parent or next of kin of an eligible service member or veteran with a serious injury or illness. This leave is calculated from the first day that leave is taken for this purpose and does not track the employer's designated 12-month FMLA tracking period as described above. Any military caregiver leave that is not taken within the specific 12-month period is forfeited. This leave period may overlap with the usual 12-month leave period designated by the employer and in certain circumstances, this may impact the employee's eligibility to take other types of FMLA leave.

II. MAINE REQUIREMENTS

A. Leave Amount and Eligibility

Employees who have been employed for at least 12 consecutive months are eligible for leave under the Maine Family Medical Leave law. Beginning August 8, 2022, hourly school employees who have worked at least 900 hours in the previous 12 months are also eligible for federal FMLA benefits under the same conditions as other employees eligible to receive such benefits.

The amount of family and medical leave available to employees under the Maine law is 10 work weeks in any two-year period.

B. Qualifying Purposes

Leave may be used for the following qualifying purposes:

1. Serious health condition of the employee;
2. Serious health condition of the employee's spouse, domestic partner, child (or child of domestic partner), grandchild (or grandchild of domestic partner), parent or sibling;
3. Birth of the employee's child or child of his/her domestic partner;
4. Placement of a child 16 years of age or younger with the employee or the employee's domestic partner for adoption;
5. Donation of an organ for human transplant by the employee;
6. Death or serious health condition of the employee's spouse, domestic partner, parent, sibling or child as a member of the state military forces or United States Armed Forces (including National Guard and Reserves) while on active duty.

III. NOTICE BY EMPLOYEE

Employees requesting leave shall provide at least 30 days' notice to the Employer whenever the need for such leave is foreseeable. The employee shall provide appropriate medical certification (or other certification appropriate to the particular request) supporting the leave request.

When the Employer has reason to believe that an employee is or will be absent for an FMLA-qualifying purpose, the Employer should request the appropriate information from the employee to determine the employee's eligibility for family and medical leave.

IV. COORDINATION WITH OTHER LEAVE

When leave is taken that qualifies both as FMLA and as permitted leave under any employment contract, collective bargaining agreement or policy, the employee shall use FMLA and the other type of leave concurrently, provided that the employee meets all of the eligibility requirements for each type of leave. Types of leave that shall run concurrently with FMLA include, but are not necessarily limited to accrued sick leave; vacation and compensatory time; unpaid leave; disability leave; absence for work-related injuries; and any other applicable types of leave.

V. FITNESS FOR DUTY CERTIFICATE

Before returning to work, employees taking FMLA for their own serious health condition shall submit a certificate from a health care provider indicating that they are able to return to work and perform the essential functions of the position.

GBO - Family Care Leave

GBO - Family Care Leave

This policy governs employee leave under 26 M.R.S.A. § 636, “An Act to Care for Families”), referred to in this policy as the “Family Care Act.” Leave under this policy is referred to as “Family Care Leave.”

The M.S.A.D. #35 Board of Directors recognizes that under Maine’s “Family Care Act,” if an employer provides paid leave under the terms of a collective bargaining agreement or employment policy, the employer must allow an employee to use the paid leave for the care of an immediate family member who is ill.

In law and for the purpose of this policy, the following definitions apply:

- “Employer” means a public or private employer with 25 or more employees.
- “Immediate family member” means an employee’s child, spouse or parent.
- “Paid leave” means time away from work by an employee for which the employee receives compensation. Paid leave is limited to sick time, vacation time, compensatory time and leave that is provided as an aggregate amount for use at the discretion of the employee for any of these purposes. Paid leave does not include paid short-term or long-term disability, catastrophic leave or similar types of benefits.

Employees may take up to 40 hours of paid leave as Family Care Leave per 12 month period, or the amount provided by an applicable collective bargaining agreement, whichever is greater.

The 12-month period shall be the same for all employees and shall be the 12-month period consistent with the 12-month period identified for MSAD #35’s administration of the Family Medical Leave Act (FMLA).]

An employee is not entitled to use paid leave until that leave has been earned.

An employee may elect which type of paid leave and the amount of each type of paid leave to use for Family Care Leave.

Notice/verification of illness for Family Care Leave shall be the same as that required for the employee’s own illness. The employee must specify that leave is being taken pursuant to the Family Care Act.

APPLICATION OF FAMILY MEDICAL LEAVE REQUIREMENTS

For purposes of applying family medical leave requirements (i.e., FMLA), M.S.A.D. #35 shall treat leave under the Family Care Act in the same manner as M.S.A.D. #35 treats leave for an employee illness. Therefore, Family Care Leave and FMLA Leave shall run concurrently.

GBP-R Earned Paid Leave Administrative Procedure

Adopted: June 15, 2022

GBP-R - Earned Paid Leave - Administrative Procedure

GBP-R - Earned Paid Leave - Administrative Procedure

This procedure implements Maine's Earned Paid Leave (EPL) Law, 26 MRSA §637. The law became effective January 1, 2021.

This law requires most Maine employers- including school units- with more than 10 employees to provide earned paid leave that is accrued based on hours worked. EPL may be used for any purpose.

The law applies as of January 1, 2021 to non-unionized school unit employees.

For unionized employees covered by a negotiated collective bargaining agreement that addresses paid time off, the law does not apply until the expiration of the current negotiated collective bargaining agreement. Accordingly, unionized employees should refer to the provisions for paid leave in the negotiated collective bargaining agreement/Memorandum of Understanding and follow the school unit's procedures for requesting and/or accounting for paid leave.

1. ACCRUAL OF EARNED PAID LEAVE

1. Effective January 1, 2021, unless otherwise stated in an employee's negotiated collective bargaining agreement/Memorandum of Understanding or specific handbook employees shall accrue one hour of EPL for every 40 hours worked, beginning with the first day of employment, up to a maximum of 40 hours per year.
2. Employees may not use EPL until they have been employed for 120 calendar days. EPL cannot be used before it is earned and must be used in one-hour increments.

3. Employees employed by the school unit prior to January 1, 2021 will be eligible to use accrued EPL 120 days after their start date.

4. The designated year for purposes of accrual and use of earned paid time off will be effective with negotiated collective bargaining agreement/Memorandum of Understanding and specific handbook.

5. For business office accounting purposes, depending on an employee's regularly scheduled hours, up to 40 hours of EPL time may be "front-loaded" into the school unit's payroll/personnel benefits accounting system for some employees for ease of administration, but EPL may not be used until the 120-day employment requirement has been met.

1. ALLOWABLE USES AND NOTICE REQUIREMENTS

1. EPL leave may be used for any purpose. Notice requirements will differ between leave for planned purposes and leave for unplanned/emergency purposes unless otherwise noted in negotiated collective bargaining agreement/Memorandum of Understanding and specific handbook. EPL leave may not be used in less than ½ hour increments.

1. Planned Purpose: Unless otherwise noted in negotiated collective bargaining agreement/Memorandum of Understanding and specific handbook employees shall provide at least four (4) weeks' advance written notice to their supervisor to use EPL for a purpose that can be planned. Such purposes include, but are not limited to, weddings/social events, vacation, or recreational activity. Any such use of EPL shall run concurrently with any other type of paid leave for which the employee is eligible for this purpose (such as vacation or personal leave).

In general, planned EPL should not be used for more than three (3) consecutive work days. Planned EPL cannot be used on the days immediately before and/or after a holiday or vacation period, or on any other days determined by the employee's supervisor to conflict with the school unit's operational needs.

1. Unplanned/ Emergency Purpose: EPL may be used for an emergency, illness or injury, or other sudden necessity for which the employee does not have advance notice; is beyond the employee's control to schedule; and is otherwise unforeseeable. Examples include, but are not limited to, sudden illness or injury; motor vehicle accident, unanticipated child care closure; or residential issues such as burst pipes. In such cases, the employee is required to notify their his/her supervisor as soon as practicable in the circumstances.

The employee's supervisor will request appropriate documentation demonstrating the necessity of using EPL for unplanned purposes if an employee requests such leave for three (3) consecutive work days or more.

Any use of such EPL shall run concurrently with any other type of paid leave for which the employee is eligible (such as sick, personal or vacation leave).

1. CARRYOVER

All non "front-loaded" employees shall have the ability to carry EPL hours but not more than 40 hours in their contracted/academic year.

However, the amount of leave that an employee may accrue in that year will be reduced by the number of hours carried over. For example, if an employee carries over eight (8) hours of EPL from one year to the next the employee shall only be eligible to earn 32 hours in the second designated year.

1. SEPARATION FROM EMPLOYMENT

Earned paid leave will not be paid out upon separation of employment, and it may not be used to extend an employee's employment beyond the last day actually worked.

However, if the employee returns to work within one year of leaving, the accrued/remaining leave will be reinstated.

GCSB - Use of Social Media by School Employees

GCSB - Use of Social Media by School Employees

The Board recognizes that social media sites have become important means of communication with potential pedagogical value. This policy sets forth expectations for school employees when using social media for school-related and personal purposes. Employees are expected to preserve the integrity of the learning environment in their use of social media, and must maintain professional boundaries with students at all times.

"Social media" shall mean technology and/or Internet-based tool(s) for communicating or sharing information, opinions and ideas with others, including but not limited to websites, blogs, forums, social networking, social networking and image sharing applications and news sites.

A. Approval Procedure

The use of social media for school-related purposes requires pre-approval in accordance with this policy.

A school employee who desires to use social media for school-related purposes shall submit a proposal and request for approval to their building principal/supervisor. Proposals for the school-related use of social media should include an articulated educational purpose and be appropriate to the students' ages, level(s) of understanding, and range(s) of knowledge. Use of social media with students is limited to grades seven and higher. Any student under 13 needs parent/guardian permission to access approved social media.

The building principal/supervisor or designee may take one of the following actions on a proposal: 1) approval; 2) approval with required modifications or 3) denial. The building principal/supervisor may consult with the Superintendent or others as appropriate in evaluating the request. Any decision on a use of social media by a staff member resulting from this policy can be appealed to the Superintendent. The decision of the Superintendent shall be in writing and the decision is final. Any later modifications to a proposal that has been already approved must also be pre-approved by the building principal/supervisor. The building principal/supervisor may withdraw his or her approval at any time.

Approved proposals for the school-related use of social media shall be resubmitted annually by September 30th for review. If an employee discontinues their use of approved social media, the building principal/supervisor shall be notified.

B. Terms of Use

The school-related use of social media approved in accordance with this policy shall be subject to the following terms and conditions:

1. Content on approved social media shall at all times comply with school unit policies, procedures and guidelines as well as with any applicable state and federal laws (including confidentiality laws).
2. The responsible school employee shall monitor any student use of the approved social media and shall remove content that violates school unit policies, procedures or guidelines, and/or state or federal laws. Any inappropriate use of approved social media shall be reported to the building principal/supervisor.
3. The school unit may monitor any approved social media for compliance with applicable policies, procedures, guidelines and/or laws.

C. Personal Use of Social Media

The Board understands that many school employees use social media for personal purposes on personal time. Employees shall keep their professional social media presence separate from their personal social media. Employees shall not use work time, school unit technology, or their work-issued email address for personal use of social media.

School employees are prohibited from “friending” students or engaging in any other interactions on social media (outside of any school-approved activity).

School employees shall not engage in conduct that violates Board policies, procedures and guidelines; which adversely affects their capacity to serve as a role model for students; or which distracts from or disrupts the educational process or the operations of the schools.

Violations of this policy may result in the withdrawal of approval to utilize social media for school purposes and/or disciplinary action, depending on the circumstances of each case.

GBB - STAFF INVOLVEMENT IN DECISION MAKING

The formulation of policy involving the curriculum, instruction and the overall school program is one of the primary responsibilities of the Board of Directors, and the Board reserves the right to make the final decision regarding such policies. The Board believes that the best interests of the district's students should be the principle guiding the adoption of all educational policy. The Board further believes that appropriate input from the professional staff is important to the decision-making process.

The Superintendent shall ensure that there is a process in place to encourage meaningful professional staff input prior to making recommendations regarding curriculum, instruction and the school program to the Board. The process should be conducted in a spirit of cooperation, with a clear focus on student learning as the most important function of the schools, and with the understanding that the staff is collectively responsible for student performance.

Participation in the decision-making process is accompanied with an expectation of accountability by the professional staff. All proposals for changes to the curriculum, instruction or the district's educational goals should incorporate evaluation procedures linked to student outcomes. The Board encourages the use of professional development activities specifically directed to improving staff research, analytical and decision-making abilities.

The Superintendent shall ensure that the administrative team has the appropriate support to lead an effective instructional program with a consistent focus on student learning and outcomes.
