Procurement Methods for Federally Funded Projects

The Superintendent or his or her designee shall be responsible for developing, updating as necessary, and implementing a written administrative procedures manual (hereafter, the "Federal Procurement Manual") to govern the procurement and purchase of property, goods, and services using any federal award that is subject to the Uniform Grant Guidance, codified at 2 CFR Part 200 ("UGG Federal Award"). The Federal Procurement Manual shall be consistent with all applicable federal laws and rules.

Notwithstanding any policy provision to the contrary, the procurement and purchase of property, goods, and services using a UGG Federal Award, in whole or in part, must comply with the Federal Procurement Manual. Wherever this policy or any of the school unit's administrative procedures are inconsistent with federal laws or rules, the provisions of the federal laws or rules shall control.

1A "federal award" is any federal financial assistance (including cost-reimbursement contracts) that a school unit receives either directly from a federal agency or indirectly from a pass-through entity such as the State education department. See 2 CFR § 200.38. Most, but not all, federal awards received by a school unit are subject to the Uniform Grant Guidance. To confirm whether a federal award is subject to the Uniform Grant Guidance, review the terms and conditions of the applicable grant agreement or cooperative agreement and the applicability provisions of the Uniform Grant

Guidance, codified at 2 CFR § 200.101.
