IJNDC-E - Guidelines Governing the Publishing of Student Information on the M.S.A.D. #35 Website

M.S.A.D. #35 maintains an official website to provide general information about the school system as well as information about educational programs, extracurricular activities, school events, and student and staff achievements.

Maine law requires public schools to obtain written approval from parents/guardians prior to publishing personal information about students on the Internet. This approval will authorize M.S.A.D. #35 to publish the following:

1. Full names of students in connection with class rosters, honor rolls, awards received, and team/extracurricular activity participant lists.
2. Group and/or individual photographs of students.
3. Individual student or classwork may be published on M.S.A.D. #35's website from time to time in accordance with established guidelines. Such work may include creative writing, research projects, artwork, music, performances, and audiovisual presentations. All student work will include a copyright notice prohibiting the copying of such work without express written permission. Copies of the Board's Website Policy and Guidelines are available at the Superintendent's Office or on M.S.A.D. #35's website at www.rsu35.org.
