- B. Mental or psychological problems of the student or the student’s family;
- C. Sex behavior or attitudes;
- D. Illegal, anti-social, self-incriminating, or demeaning behavior;

- G. Religious practices, affiliations, or beliefs of the student or student’s parents; or
- H. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program without the prior written consent of the student’s parent/guardian, or of the student, if he/she is 18 years of age or older.

All instructional materials, including teachers’ manuals, films, tapes, or other supplementary material which will be used in connection with any such survey, analysis, or evaluation shall be available upon request for inspection by the student’s parent/guardian. For the purpose of this policy, “instructional material” does not include academic tests or assessments.

A parent may inspect, upon request, a survey created by a third party before the survey is administered or distributed to a student.

The Superintendent/designee will be responsible for implementing any procedures necessary to protect the privacy of participating students and to provide parents with access to surveys within a reasonable time before administration or distribution.

The school unit will notify parents of this policy at least annually at the beginning of the school year and within a reasonable time of any substantive change in policy. Insofar as practicable,* the school unit will also directly notify parents annually at the beginning of the school year when surveys, analyses, or evaluations are scheduled or anticipated. Parents shall have the opportunity to opt their child out of participation in any survey, analysis, or evaluation. Students who are 18 years of age or older may opt out of such surveys, analyses, or evaluations.

Use of Student Personal Information for Marketing Purposes

The school unit does not collect, use or disseminate personal information about students for marketing or commercial purposes. This policy does not prevent the collection, use or dissemination of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or schools (including but not limited to tests and assessments, sale by students or products or services to raise funds for school-related purposes, student recognition programs and book clubs or magazines.)
