JGAB - Assignment of Students to Classes: Transfer Students and Home Schooling Students

The principal of the school in which a transfer or formerly home-schooled student is enrolling will be responsible for assigning the incoming student to a class or grade.

The principal shall be responsible for determining the value of the student's prior education. The principal may consider performance on standardized tests, academic records, portfolios, projects, writing samples, performances, and other demonstrations of achievement consistent with the local standards. MSAD #35 may require an incoming student to participate in tests or other assessments to aid in this determination.

For incoming high school students, tests or assessments may be required to determine whether a student has met course prerequisites or credit requirements for graduation. In addition, such tests and assessments may be used to determine when instructional intervention may be appropriate.

The principal/designee shall meet with the student's parents and, as appropriate, with the guidance counselor, special services director, and/or other professional staff before making a class/grade assignment decision.

A parent/guardian or eligible student who is dissatisfied with the principal's class/grade decision or with the principal's evaluation of the student's prior educational experience may appeal to the Superintendent whose decision shall be final.
