KCE - Receiving Education Foundation Funds

KCE - Receiving Education Foundation Funds

Because demands on the educational system may exceed available public funding, the MSAD #35 Board of Directors recognizes that members of the community are often willing to make voluntary contributions that will provide needed additional funds for the school district. The Board therefore approves and encourages the creation of and supports the work of the Marshwood Education Foundation, an independent educational foundation, to actively raise funds that will enhance educational opportunities for our students.

The Board desires to work cooperatively with the Marshwood Education Foundation in determining the purposes for which funds may be used to meet the changing needs of the district and its students.

The Board supports foundation allocations that serve all district school equitably.

Policy Adopted: February 25, 2009
